

DUST ON THE COMSTOCK

THE VIRGINIA CITY GRAND PRIX

On April 25/26 2009, we're making a movie!!!

This video project is underway to document the 38th running of the VCGP and to celebrate the rich tradition of this off-road motorcycle race and its historic setting

The project is a production of the **Desert Inferno Racing Team** (a 501(c)(3) non-profit organization dedicated to youth mentorship) and will create a feature length movie for distribution on a cable network and release on DVD.

The members of **Desert Inferno** are currently working on pre-production efforts to:

- Fundraise for the video project
- Research historic information on the event
- Promote a special reunion of past race participants and winners
- Prepare the race day video plan

If there is one year you don't want to miss the VCGP, this year is it!!!

For more information on the video project or **Desert Inferno**:
